The Grand Traverse Bay YMCA works every day to better our region, and solve issues that community members are concerned about. At the Y we offer programs that help kids reach their potential in a safe and healthy environment, that help families and individuals achieve better health, and that encourage every member of the region to get involved and make their community a better place. This is a goal that we have strived towards for decades, and our aim is to bring more services to as many people as possible in the key areas of: Youth Development, Healthy Living, and Social Responsibility.
